Dear Mr. Weisberg:

I am sorry for the delay in answering your letter. I have been very busy, but I plan to answer all your questions soon. To my knowledge, I have the only top quality films (that you ask about) in existance. I think I have the original. However, it was edited, but edited 3-months before Dallas. It was edited by WDSU in the normal manner. The fact that the film could have easily been "lost" or "thrown out" leads me to conclude that the edited film is innocent of foul play. I shall contact you later.

Sincerely,

J. Rush
